Directors' Review

The Directors are pleased to present the condensed interim financial information of your Company for the nine months period ended March 31, 2019.

BUSINESS REVIEW

Net sales in value terms for the nine months period under review was Rs. 7.49 billion as compared to Rs. 8.77 billion in the same period last year, showing decline of 14%.

In December 2018 and January 2019, sales were depressed because of general slowdown of the economic activity, tightening of Monetary Policy, impact of restriction on non-filer to purchase vehicles and plant shutdown by some of the OEMs resulting in lower volumes.

However, from February sales have started to improve and in the month of March, overall results have shown considerable improvement. In the recent supplementary budget, the Government had taken steps to improve business climate and support industrial activity in the country. Allowing non-filers to purchase vehicles at higher tax rate and improved liquidity of farmers have supported your Company in terms of improved sales of tyres.

The gross profit for the period was Rs. 1.06 billion. Lower gross profit from last year is mainly due to significant devaluation of Pak Rupee, increase in utilities prices, increase in some of the raw materials prices and other manufacturing costs.

Due to devaluation of Rupee, the Company incurred exchange loss of Rs. 56 million for the nine months period. The finance cost for the period under review was Rs. 390 million mainly due to increased investment in Capex and to meet working capital requirements. Since December 2017, SBP has increased discount rate by 475 basis points resulting in increase in the borrowing cost of the Company.

The profit after tax for the nine months period under review was Rs. 96 million due to the factors mentioned above.

FUTURE PROSPECTS

It is expected that due to improved business sentiments, allowing non-filers to purchase vehicles and improved liquidity of farmers will translate in increased demand of your Company's tyres. Historically Q4 is the best quarter of the Company, due to seasonal factors in which farm tyre sales are always higher.

The Company is striving to maintain its sales volumes, improve profitability and go for leaner production. Export market is also being expanded and during the nine months period, export sales were Rs. 58 million, grew by 2.5 times as compared to the same period last year. Your Company is working hard to tap export market potential.

The Company is facing competition from the undocumented sector. This restricts the Company's ability to fully recover the impact of cost increase. We appeal to the Government to provide a level playing field to the documented sector, which is not only paying their due share of taxes and duties but also saving precious foreign exchange and providing employment. The undocumented sector should be brought into the tax net and smuggling should be eliminated.

Despite increasingly difficult economic situation and competitive pressures, the long term growth potential of the business is positive. Your Company is in close coordination with new auto players which would be helpful for future volume growth.

For and on behalf of the Board of Director.

مستقبل کے امکانات

امید کی جاتی ہے کہ اقتصادی سرگرمیوں میں بہتری اور نان فائلرڈ کوگاڑیوں کی خریداری کی اجازت دینے سے اور کسانوں کی قوت خرید میں بہتری کے باعث کمپنی کے ٹائروں کی طلب میں اضافہ ہوگا۔ گزشتہ ادوار میں آخری سہ ماہی میں موسمیاتی عنصر کی وجہ سے کمپنی کی فروخت بہتر ہوتی ہے جس میں فارم ٹائرز کی فروخت ہمیشہ زیادہ ہوتی ہے۔

کمپنی کی کوشش ہے کہ فروخت کا حجم برقرار رکھے اور منافع کو بہتر کرے اور پیداوار کو متوازن رکھے۔ برآمدات کی مارکیٹ میں توسیع ہوئی ہے اور نو ماہ کے دوران 58 ملین روپے کی برآمدت ہوئی جو کہ پچھلے سال کے اسی دورانیہ کے مقابلے میں ڈھائی گنا زیادہ ہے، آپ کی کمپنی ممکنہ برآمدات کے حصول کے لیے سخت محنت کر رہی ہے۔

کمپنی کو غیر دستاویزی شعبے سے مقابلہ کا سامنا ہے جو اپنے محصول اور ڈیوٹیز کا واجب الادا حصہ ادا نہیں کر رہے ہیں جو کمپنی کے لیے لاگت میں اضافہ کی مکمل حصولی میں رکاوٹ کا باعث بنتے ہیں۔ ہم حکومت سے اپیل کرتے ہیں کہ دستاویزی شعبے کے ساتھ برابری کی سطح پر انصاف کرے جو نہ صرف اپنے واجب الادا محصول اور ڈیوٹیز ادا کر رہے ہیں بلکہ قیمتی زرمبادلہ بھی بچا رہے ہیں اور روزگار فراہم کر رہے ہیں۔ غیر دستاویزی شعبے کو ٹیکس نیٹ میں شامل کرنا چاہیے اور اسے گلنگ کو ختم کرنا چاہیے۔

مشکل اقتصادی صورت حال اور مسابقتی دباؤ کے باوجود طویل مدتی ممکنہ کاروبار مثبت ہے۔ آپ کی کمپنی نئی گاڑی بنانے والی کمپنیوں کے ساتھ مکمل رابطے میں ہے جو مستقبل میں حجم کی ترقی کے لیے مددگار ہوگا۔

ڈائریکٹرز کا تجزیہ

کمپنی کے ڈائریکٹرز 31 مارچ 2019 کو ختم ہونے والے نو ماہ کی عبوری مالیاتی معلومات پیش کرتے ہوئے خوشی محسوس کرتے ہیں۔

کاروباری تجزیہ

زیر جائزہ نو ماہ کی مدت کے دوران خالص قیمت فروخت 7.49 ارب روپے رہی جو کہ پچھلے سال کے اسی دورانیہ کے مقابلے میں 14 فیصد کمی دکھاتے ہوئے 8.77 ارب روپے تھی۔

دسمبر 2018 اور جنوری 2019 میں اقتصادی سرگرمی میں کمی، سخت مالیاتی پالیسی، نان فائلرز کے لیے گاڑیوں کی خریداری پر پابندی اور کچھ OEMs کے پلانٹ کا معینہ مدت کے لیے بند ہونے کی وجہ سے فروخت کا حجم متاثر ہوا۔

البتہ فروی کے مہینے سے فروخت میں اضافہ ہونا شروع ہوا اور مارچ میں مجموعی طور پر نتائج میں کافی بہتری نظر آئی، حالیہ ضمنی بجٹ میں حکومت نے کاروباری ماحول کی بہتری اور صنعتی سرگرمی کو فروغ دینے کے لیے اقدامات اٹھائے ہیں۔ نان فائلرز کے لیے زائڈیکس کی ادائیگی پر گاڑیوں کی خریداری کی اجازت اور کسانوں کی قوت خرید کی بہتری کی وجہ سے آپ کی کمپنی کے ٹائروں کی فروخت میں مدد ملی ہے۔

اس مدت میں مجموعی منافع 1.06 ارب روپے رہا۔ پچھلے سال کے مقابلے میں مجموعی منافع میں کمی کی وجہ بنیادی طور پر پاکستانی روپے کی قدر میں نمایاں کمی، کچھ خام مال کی قیمتوں میں اضافہ، یوٹیلٹی کی قیمتوں میں اضافہ اور دیگر پیداواری لاگت میں اضافہ ہے۔

روپے کی قدر میں کمی کی وجہ سے کمپنی کو ان نو مہینوں میں 56 ملین روپے کے تبادلے کا خسارہ اٹھانا پڑا۔ اس زیر جائزہ مدت میں مالیاتی اخراجات 390 ملین روپے رہے جسکی بڑی وجہ پلانٹ اور مشینری میں سرمایہ کاری اور کاروبار کو چلانے کیلئے سرمایہ کی ضروریات کو پورا کرنا تھا۔ علاوہ ازیں دسمبر 2017 سے اسٹیٹ بینک آف پاکستان نے ڈسکاؤنٹ ریٹ میں 475 بیسس پوائنٹس کا اضافہ کیا ہے جسکے نتیجے میں قرضوں کے حصول کی لاگت میں اضافہ ہوا ہے۔

اوپر دیئے گئے عوامل کی وجہ سے اس تجزیاتی مدت میں منافع 96 ملین روپے رہا۔

Notes to the Condensed Interim Financial Statements (Unaudited)

For the nine months period ended March 31, 2019

1. LEGAL STATUS AND OPERATIONS

1.1 The General Tyre and Rubber Company of Pakistan Limited (the Company) was incorporated in Pakistan on March 7, 1963 as a private limited company, under the Companies Act 1913, repealed and replaced by the Companies Ordinance, 1984 which in turn got replaced by the Companies Act 2017, and was subsequently converted into a public limited company. Its shares are quoted on Pakistan Stock Exchange. The registered office is situated at H - 23/2, Landhi Industrial Trading Estate, Landhi, Karachi with regional offices at Lahore, Multan and Islamabad. The Company is engaged in the manufacturing and trading of tyres and tubes for automobiles and motorcycles.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- (a) International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board as notified under the Companies Act, 2017; and
- (b) Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 These condensed interim financial statements do not include all the information and disclosures required in the annual audited financial statements, and should be read in conjunction with Company's annual audited financial statements for the year ended June 30, 2018.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The accounting policies and methods of computation adopted in the preparation of these condensed interim financial statements are consistent with those applied in the preparation of the annual audited financial statements for the year ended June 30, 2018 except those stated in note below.

3.2 Change in accounting standards, interpretations and amendments to published approved accounting and reporting standards

3.2.1 New standards, amendments and interpretation to accounting and reporting standards which were effective during the period ended March 31, 2019:

There are certain amendments and an interpretation to approved accounting and reporting standards which were mandatory for the Company's annual accounting period which began on July 1, 2018. However, these do not have any significant impact on the Company's financial reporting and, therefore, have not been detailed in these condensed interim financial statements.

In addition to that two new standards (i.e. IFRS 9 and IFRS 15) have become applicable to the Company effective July 1, 2018. Because of these new standards certain changes to the Company's accounting policies have been made in light of the following paragraphs:

- IFRS 9 'Financial instruments' - This standard replaces the guidance in IAS 39. It includes requirements on the classification and measurement of financial assets and liabilities; it also includes an expected credit losses model that replaces the current incurred loss impairment model.
- IFRS 15 'Revenue from contracts with customers' - IFRS 15 replaces the previous revenue standards: IAS 18 Revenue, IAS 11 Construction Contracts, and the related interpretations on revenue recognition.

IFRS 15 introduces a single five-step model for revenue recognition and establishes a comprehensive framework for recognition of revenue from contracts with customers based on a core principle that an entity should recognise revenue representing the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

The changes laid down by these new standards do not have any significant impact on these condensed interim financial statements of the Company.

3.2.2 New standards, amendments and interpretations to accounting and reporting standards that are not yet effective:

There is a new standard, certain amendments and an interpretation to the approved accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after July 1, 2019. However, these will not have any significant impact on the financial reporting of the Company, except for the application of IFRS 16 (effective July 1, 2019), the impacts of which are being assessed at present.

4. ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts. Actual results may differ from these judgements, estimates and assumptions.

However, the management believes that the change in outcome of judgements, estimates and assumptions would not have a material impact on the amounts disclosed in these condensed interim financial statements.

Judgements and estimates made by the management in the preparation of these condensed interim financial statements are the same as those applied in the Company's annual audited financial statements for the year ended June 30, 2018.

The Company's financial risk management objectives and policies are consistent with those disclosed in the Company's annual audited financial statements for the year ended June 30, 2018.

7. CONTINGENCIES AND COMMITMENTS

7.1 Contingencies

There is no other significant change in the status of the contingencies as disclosed in note 14.1 to the audited financial statements of the Company for the year ended June 30, 2018, except for the following:

- 7.1.1** Commissioner Inland Revenue (CIR) through its order dated December 31, 2018 has made certain additions and adjustments to the Company's taxable income for the tax year 2017 in connection with non deduction of tax on incentives to dealers and repairs and maintenance expense, on account of cash payments, expense claimed on provisional basis and disallowance of tax credit has therefore raised an aggregate tax demand of Rs 27.802 million.

The Company has filed an appeal before Commissioner Inland Revenue (Appeals) - CIR(A). Provision has not been made in these condensed interim financial statements against aforementioned demand as the management of the Company, based on the advice of the tax consultant, is of the opinion that these matters shall eventually be decided in the Company's favour.

- 7.1.2** During the period the Company filed two appeals before Appellate Tribunal Inland Revenue against orders dated December 18, 2018 and October 9, 2018 whereby Commissioner Inland Revenue (Appeals) upheld sales tax demands amounting to Rs 66.243 million and 156.020 million, respectively, against the Company which in view of the management cannot be levied since the supplies were subject to extra tax and export sales. The Company based on the advice of its tax consultant is expecting favourable outcome and therefore no provision has been recognised in these condensed interim financial statements.
